MICRO+ G2 OPERATOR PENDANT

PRODUCT DESCRIPTION:

The Second Generation of the popular Raynok Micro+ Operator Pendant has arrived with a new bank of features for operator convenience and improved functionality.

This newer version includes dual HTR switches for handed operation with AND-ORNOT logic and Two smooth motion, sleek paddle joysticks. When combined with a Raynok-NAS or Raynok-Server machine management and access can be constrained by user and/or location.

A perfect solution for any venue where the operator needs mobility such as arenas, large or small theatres with multiple machines or touring productions.
